Mr Charles C Chow, Patent Examiner  
(Technology Center 2600, Art Unit 2685)  
United States Patent & Trademark Office  
Washington DC 20231

January 1<sup>st</sup> 2004

Dear Mr Chow,

**Patent Application No 09/765,308 (filed 01/22/2001)**  
**Title: Multi-Purpose Mobile Cordless Phone System**

Thankyou for your communication dated September 10<sup>th</sup> 2003, with the attached Office Action Summary Sheet.

I have responded by cancelling the previous Claims 1-20 and filing new Claims 21-25.

The relationship of the new Claims to the cancelled Claims is as follows:

- Claim 21 combines cancelled Claims 1 and 3
- Claim 22 is based on cancelled Claim 4
- Claim 23 combines cancelled Claims 5, 6 and 7
- Claim 24 combines cancelled Claims 8, 9 and 10
- Claim 25 combines cancelled Claims 11 and 12

You will note that Claims 21-24 reflect your proposals regarding "Claims objection" under section 9. of your communication.

Referring to your rejection of the cancelled Claim 12, Nguyen (Fig 2) shows the hinged split dividing the keyboard and display – not specifically the keyboard as shown in Fig 16 of my Patent Application. In view of this, I have respectfully submitted Claim 25 for your further consideration.

Finally, as regards "Priority" of the US Patent Application, I should confirm that certified copies of the cited GB Patent Applications have been requested from the UK Patent Offices and will be forwarded by mail as soon as available.

If you have any queries or require any additional information, then please do not hesitate to make contact. Otherwise, I look forward to receiving your comments in due course.

Yours sincerely,

A handwritten signature in black ink, appearing to read 'P. Jarrett', with a long horizontal stroke extending from the bottom of the signature.

Phillip Jarrett
